Saw that, I think we should just stay the course for now. It is going to be a political battle.

Here's the policy that we have that is the same, from KSBA. It is in the policy manual that Steve is on the process of getting board approved. Just an FYI so we can get back to Emma Gibbs at BCTC.

Stephanie,

I have attached the policy submitted by Anderson County. This is what we have received from almost every county that has responded so far.

Give me a call if you need to discuss!

Thanks!

Emma

Subject: Re: Time Sensitive- SB 150 Dual Credit: District Policy Needed ASAP

Hey Emma!

Do you have any other districts policies relating to SB 150 that you'd mind sharing? I'd be interested to see how other districts are addressing this with dual credit. We did not get any guidance from the KSBA policy update, so I was curious how others are approaching this.

On Wed, Jul 12, 2023 at 8:35 AM Gibbs, Emma L (Bluegrass) <emma.gibbs@kctcs.edu> wrote:

Superintendent Wade,

The Dual Credit Office at BCTC is requesting notification of your district's SB 150 policy in regard to dual credit courses. As SB 150 sets parameters on courses taken by public high school students, there is a direct impact on dual credit course offerings for current and future dual credit students in your district.

Please, see the attached letter from the dual credit office for further clarification of our request. We will need notification of your district's SB 150 policy as soon as possible. The sooner we receive your district's SB 150 policy, the sooner we can prepare for the fall enrollment of dual credit students in your district.

Please, reach out by email or phone (859-246-6912) with any questions or concerns.
Thank you, Dr. Gibbs

Had a meeting about this today. I will hopefully have some forms soon. My understanding from Mark is they're already created. If you don't mind reach out to Stephanie Wade that might also help. I will be at certified evaluation training tomorrow and I'm not in the office Thursday and Friday. Stephanie should be able to help with this and get us going I. The right direction.

We will need to get syllabus and course information for any course that would be affected by SB150. If a student signs up for dual credit that has SB 150 topics, we must have written permission or they will have to take another class.

From: Caitlin Adkins caitlin.adkins@boyle.kyschools.us
Subject: Fwd: BCTC Dual Credit Enrollment and SB 150 Fall 23
Date: July 26, 2023 at 8:49 AM
To: Stephanie Wade stephanie.wade@boyle.kyschools.us

Hey Stephanie!

I wanted to forward you this email I received from BCTC regarding SB 150 and Dual Credit classes. I was wondering if we could meet soon to discuss the logistics of this and the permission slips we will need to collect from students. We will also have to provide the syllabus for the course to the parent and student. I am wondering if we could do permission slips and get students connected on Blackboard all at the same time when we do figure out logistics (kind of knock two things out at once). There are some important dates in this email as far as having permission slips turned in to BCTC. I also have the link from Emma where we can look up at the syllabus to provide to the parent/student. Just let me know when you can meet (Monday and Tuesday are open for me right now for next week).

Thanks!
Caitlin A.

Good afternoon,

SB 150 has impacted the enrollment process for a number of BCTC courses this fall. Please, read the instructions and information below to be aware of the enrollment process for certain according to the SB 150 policy adopted by your school district.

Please let me know if you have any questions or concerns.

Please, let me know if you have any questions or concerns.

Thank you!

Dr. Emma Gibbs

BCTC Dual Credit Enrollment into SB 150 Courses Instructions

Each district that partners with BCTC for dual credit will need to communicate its SB 150 policy. The district SB150 Policy will determine which dual credit courses will need parental permission or which courses will be prohibited for dual credit enrollment under SB 150.

For districts that have adopted a policy on human sexuality and sexually transmitted diseases, steps for dual credit enrollment are provided below:

1. Counselors will need to provide students and parents with a copy of the syllabi for the dual credit course. Syllabi are available in the BCTC Dual Credit Syllabi Bank Microsoft Teams.
 - a. [Syllabi Bank Teams Link](#)
 - b. The Syllabi Bank Teams can be accessed using your KCTCS username and password. A contact at each high school has been added to the BCTC Dual Credit Syllabi Bank Microsoft Teams.
 - c. *All high schools should have a member with affiliate access as it is required to submit transcripts. Please, reach out to Dr. Gibbs should you need a KCTCS username and password.*
2. Counselors will distribute parental permission forms for the dual credit course.
3. Students and Parents will need to review the syllabi for the course and complete a parental permission form.
4. Counselors will collect parental permission forms for dual credit courses.
5. Counselors will confirm with the BCTC Dual Credit office that parent permission has been received by the high school no later than August 14, 2023 for courses with an August 14 start date.

Dual Credit students will NOT be enrolled in any of the courses on the SB 150: Human Sexuality list until parental permission has been confirmed by the high school counselor with the BCTC Dual Credit Office.

Since SB 150 is new, some students have been enrolled in courses listed below without

parental permission slips confirmed. We will provide you with the list of these students by August 1, 2023. Please let us know by August 10, 2023 if you have received parental permission. If not, we will remove students from the classes requiring parental permission by Friday, August 11, 2023.

The following classes will require a parent's permission under an SB 150 Human Sexuality district policy:

KASA

CAPITOL CONNECTION

THE SCHOOL LEADERS ASSOCIATION

KASA's Weekly Update on the 2023 General Assembly

April 3, 2023

This publication was designed to keep KASA members up to date on major education issues during legislative sessions, but you may not need Capitol Connection to be up on the controversial issues that dominated the legislature last week. If you read, listen or watch any Kentucky media, take part in discussions with colleagues, hear from your friends and neighbors at church, home, or the grocery store, and you didn't get to go to Jamaica last week for spring break – you've probably heard a lot about transgender issues, taxes, medical marijuana, and other controversial bills acted on by the General Assembly.

Last year, in the 2022 60-day session, the legislature only took roll call votes on three highly contentious education related issues: charter schools, limiting SBDM & Superintendent hiring of principals, and prohibiting transgender students in women's sports. This year, in just half the legislative days, roll call votes were taken on at least ten contentious education related issues. All but three (repeal of bourbon barrel tax, replacing income tax with "some" sales tax, and the school discipline bill) were directly related to the culture wars that have consumed Kentucky and the nation (pronoun usage, transgender students, bathroom bill, don't say gay, 'harmful' materials that can be banned from schools, and legislation to limit the influence of teacher unions). Legislators also had to take a stand on other controversial bills like medical marijuana and sports betting.

Here are spreadsheets showing how each legislator voted on many of the controversial issues of the 2023 session: • [House](#) • [Senate](#)

Major victories for public education in 2023:

HB 319 – enactment of recommendations from the Coalition to Sustain the Education Profession, plus an amendment that deletes the requirement to file a notarized affidavit to take a sick day

HB 538 – addressing coalition recommendations to improve classroom discipline by establishing procedures to remove disruptive students to alternative settings and provide interventions

HB13 & HB32 - recruitment and retention of classified staff

SB 156 – Reading Research Center to promote the goals of the 2022 Read to Succeed Act

Public education caught in crossfire of culture wars (and perhaps the 2023 Governor's race):

SB 150 – 'Parents rights', pronoun usage, bathroom bill, 'Don't say gay', ban on transgender affirming care – all amended into one bill

SB 5 – procedures for determining 'harmful' materials that can be banned in schools

SB 107 – Senate confirmation of KDE Commissioner after his response to student pronoun recommendations

SB 7 – prohibits school districts from collecting dues for teacher labor organizations

Half a Sandwich is Better than None

As worldwide demand has exploded, the bourbon industry has become a powerful force in Kentucky politics. While the industry has been building distilleries and warehouses in Kentucky at record pace, they prevailed on the legislature to repeal the property tax on bourbon aging in Kentucky warehouses and threatened to leave Kentucky if the tax was not eliminated. **KASA staunchly opposed repeal as school districts get most of the revenue from this tax.** Legislative leaders responded by allowing school districts to be held harmless at the level of revenue they receive in FY 23 from this tax. Seeing the legislature could garner the three-fifths majority votes to pass HB 5, and sensing the Governor was not inclined to veto this bill, KASA stood down on its opposition with the promise of a seat at the table on SEEK funding in the 2024 General Assembly.

HB 5 allows school districts, fire protection districts and emergency services districts to collect property tax from bourbon storage facilities as of calendar year 2025 to impose a special tax on bourbon aging in their districts beginning in FY 26. The existing bourbon barrel tax will be phased out through FY 43. The special tax rate levied by school, fire, and emergency districts on bourbon in storage may not produce revenue that exceeds the amount of revenue the district collected in FY 23. This provision is especially hard for districts anticipating significant growth in bourbon storage in the years ahead, these are the terms of the legislature with which we are dealing.

KASA will be monitoring the precise procedures to be established by regulation for school districts with bourbon storage facilities as of 2025 to begin implementing this tax in FY 26.

Important bills that didn't pass:

HB 421 – would have allowed a school board to enter into an agreement for the construction of adjoining road improvements and require the Transportation Cabinet to reimburse the cost of those improvements and allow a school district to request proposals for energy savings contracts based on the decommissioning and sale or transfer of inefficient buildings and the development of new, energy-efficient buildings, and other provisions to help accomplish the goals of HB 679 from 2022 that holds the KDE school construction review process in abeyance for two years while it is reviewed and revised.

HB 288 – Would have strengthened background checks and other provisions relating to teacher professional misconduct.

K groups worked to get language into HB 448 that would use the SEEK lapse, and perhaps other available funds to help districts with significant ADA loss due to natural disasters and COVID and help districts that have seen significant growth. We felt we had traction in the House, but the proposal appeared to die in the Senate.

HCR 65 – would have required an OEA study to get baseline data on why teachers are leaving the profession and why the profession is attracting fewer new applicants.

Looming threats to public education:

The 2023 session started off with another half percent reduction in the KY income tax rate. Maybe a good thing for higher income Kentuckians and maybe bad for lower income taxpayers who already have limited income tax liability but will now pay more in sales tax. For public education and other public services, this may be devastating if the legislature really thinks economic growth will compensate for their reluctance to increase sales tax revenue at the same rate they are reducing income tax revenue – just one of the **looming threats** to be aware of from the 2023 session.

Legislation requiring school board members to run as partisan candidates was filed in both chambers (HB 50 & SB 50). HB 50 was scheduled to be heard late in the session but was never called in committee due to lack of votes for the measure. Expect this issue to be back in 2024.

After the courts declared 2021 legislation that would have allowed public funds to be used for private schools to be unconstitutional, proponents introduced a proposed constitutional amendment to **specifically allow the General Assembly to authorize public funds for private education**. HB 174 barely cleared the House Elections Committee and then failed to move further in the legislative process. Constitutional amendments won't be on the ballot until November 2024 and we will likely see this issue again in the 2024 session.

Public education must be about advocacy in action, we cannot afford advocacy inaction:

Going forward, KASA will continue to press forward with the Coalition to Sustain the Education Profession, demand input on education funding, work to get legislators in our schools through Principal for a Day, build better relationships with legislators through the 2024 Legislative Drive-in Day, and work to more aggressively engage our members through Legislative District Advocacy Teams. We look forward to working with you on these advocacy engagements in the months ahead.

The Kentucky Department of Education has released guidance on some bills that passed during the legislative session that concluded only weeks ago. These include guidance for the bills with emergency clauses and guidance supplements for SB5 and SB150 that will likely need more clarification as you work to remain compliant in schools and districts. KSBA and KDE have also released model policy to assist in implementation of SB5.

You can view all of these here: [Legislative Guidance](#)

Subject: End of Year Library Fun- Please read for important updates
Date: April 17, 2023 at 9:40 AM
To: Boyle Co WES Staff boylewesstaff@boyle.kyschools.us

We are 5 weeks out! Whew! Hard to believe!

Just want to update you on a few things. First, the last day to check out books will be Tuesday, May 2nd so I can start collecting ALLLLLLL the books the last two weeks of school.

KSA testing will start Wednesday, May 3rd. During the testing window, the library will be closed for testing and make-ups. Please do not send kids to the library. I will be stationed in the hallway with loaner Chromebooks for those that need devices like last year. If you don't have my phone number saved, please do: 859-247-0533. Like last year, when you have technology issues during the testing window, please text me and not John. That way I can fix what I can fix and if it's on his end, he can work on that instead of being distracted by constant tech issues. When testing in the library is done for the day, I will send out an email. At that point, you can send students to the library. However, this will mean that regular scheduled classes on the calendar will be canceled after the 2nd.

Device checks and collection will happen on field day, May 17th. If field day gets canceled, we will still take up devices this day so I can make sure I get all of them collected by Friday. 5th grade will NOT turn in devices, but I still need to do health checks on them. They will keep theirs over the summer and take them to middle school. Once I get the field day schedule, I will send out a time that you are to come to the library along with directions to make it go quickly and smoothly as in years past.

I will start putting missing book reports in your mailboxes each week starting the last week of April and once again, we will have a contest. The class that gets ALL their library books turned in FIRST in the month of May wins an ice cream sundae party! The winning teacher wins a \$25 gift card to Amazon.

Thank you all so much. I will be updating the calendar today so that it reflects the dates in the message. Have a wonderful day and only FOUR more MONDAYS!

This looks about right. I had a couple of thoughts and comments...

The first bullet - If we obtain written parent permission we can talk about human sexuality, Contraception, or family planning. (Same for nurses), also, when discussing "periods" just don't talk about birth control or family planning.

Also, if a student brings up one of these topics we are not to give advice or guidance but do let them know if they want to continue this counseling that we will need written permission.

I wouldn't say outside mental health agencies have different rules, but their rules are defined clearly in SB150 as far as us getting permission. It may not be a change for us because we already get parent consent for outside counseling.

Does all this sound right?

I agree with your comments, Steve.

The discussion I had was with Shannon and the elementary counselors and my notes were focused on elementary students. The probability of an elementary student wanting to talk about contraception/family planning/birth control is very unlikely but not impossible. However, at the middle and high school levels, this is more likely, and yes, written parental consent would need to be given prior to the conversation, as you said.)

I suppose what I meant by community mental health agencies having different rules is that they are not necessarily held to the same regulations found in KRS Chapter 158 because Chapter 158 statutes are all school related. Of course, they are bound by the same abuse/neglect reporting laws.

I'm not sure I'm expressing myself very well or making myself clear BUT these are just my notes from what Shannon shared so she can offer better insights to all of this from a mental health perspective.

Good luck getting all the parental consent info in enrollment/first of the year packets to be able to give various surveys--specifically the Basic Needs survey. I hate that it will require parental consent but since it surveys physical and mental health of students, it will need written consent. I worry that some of the students who you need info on the most will not be able to complete the survey due to parents/guardians not giving consent for whatever reason 🙄

Happy FRI-YAY!!!

Today was the last day for students to check out books for the school year. I will be doing inventory next week and will send home overdue/lost books notices. If you see any library books in your classrooms or in other areas throughout the school, please drop those in the book drop in the library.

Thanks so much and I hope everyone has a great weekend! 15 more days!!

I have to call and finalize my financial report (first time they've ever made me do this) before they will send the invoice. I will do this as soon as the KSA survey is completed tomorrow!
Have a great night!

Subject: Clean out Reminder
Date: May 2, 2023 at 1:41 PM
To: Boyle Co HS Staff boylehsstaff@boyle.kyschools.us

Good Afternoon,

As the end of the year approaches I know that many of you will be going through your classrooms and cleaning out. As you clean out, if you are discarding heavy items; such as books, workbooks, large stacks of paper, art or shop supplies, etc, please discard them directly in the dumpster. Disposing of heavy items or large quantities of items into the trash cans in your rooms or the hallway makes it impossible to remove the trash bags from the cans or dump the trash cans into the dumpster and thus requires our janitorial staff to manually empty the trash cans into the dumpster handful at a time. As you can imagine this is not only labor intensive and time consuming, but is also not very pleasant. Thanks for your attention to this matter.

Hang in there, we only have thirteen more "get ups" (to steal a line from my dear friend Heather Lockhart)!

Also, as you are cleaning, be on the lookout for the BCHS 1994 yearbook. It's a shiny gold book. It's been missing from the library collection for a few years, but maybe this year a miracle will occur, and it will be found and reunited with its brothers and sisters in my office.

Subject: Guidance Referral Changes
Date: May 11, 2023 at 7:19 AM
To: Boyle Co HS Staff boylehsstaff@boyle.kyschools.us

With the passage of SB 150, we have had to make some adjustments. One of those adjustments will increase the amount of time it takes for students to receive any type of treatment from guidance counselors or mental health professionals due to the requirement of parental consent in most instances. Any type of counselor referral needs to be as specific as possible to assist in this process. I won't get too far into the weeds, but it will increase the time for many situations to be resolved. Feel free to take a look at SB 150 at the link below.

<https://apps.legislature.ky.gov/reco documents/bill/23RS/sb150/bill.pdf>

Thanks,
Mark
